

FYPON[®]

Window & Door Trim

- ~ Trim for windows and doorways, inside and out
- ~ Styles ranging from ornate to simplistic
- ~ Available in stock and special order sizes to fit any opening
- ~ Minimal maintenance and upkeep
- ~ Quick and easy to install

- 1 **WCH40X9**
Window Crosshead
- 2 **SH16X72DP**
Double Raised Panel Shutters
- 3 **SWDH64X32, AR64X10MC, K10TM**
Half Round Sunburst, Arch Trim & Keystone
- 4 **PIL10X96A**
Arched Profile Pilasters
- 5 **WCH110X9, K9M**
Crosshead with Keystone
- 6 **PIL6X108**
Adjustable Fluted Pilasters

Make a Grand Entrance

Window & Door Trim

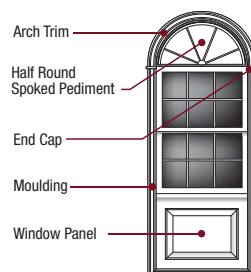

Nothing can make a statement and enhance architectural style like Fypon Window and Door Trim. Offering a wide range of styles and sizes to complement almost any type of home, Fypon Window and Door Trim can transform an ordinary home into an extraordinary home. Many pieces are designed to work together and some can be ordered moulded as one piece to further speed installation. From Pilasters, Pediments and Crossheads to Arches and Panels, the options are virtually countless – giving you the freedom to design a specialized look for your next project.

For installation instructions, please visit the Product Support section at www.fypon.com.

It's How You Finish.™

WINDOW TRIM TERMINOLOGY

DOOR TRIM TERMINOLOGY

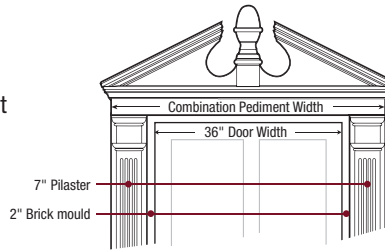

How to Order

Window Trim & Accessories

To order window trim, first measure the window unit to be trimmed. Next choose the desired products and accessories. Accessories can be ordered attached or unattached. If we don't have a stock item that meets your needs, fabricated configurations are available. See the Fabricated Products section below.

Door Trim & Entrance Systems

When ordering door trim, first measure the door unit to be trimmed. Next choose the desired Pilaster style and size. For the example shown, we are retaining the brick mould and selecting 7" Fluted Pilasters. Finally, choose a Pediment or Crosshead that is wide enough to span the opening plus the brick mould and Pilasters. Add any desired accessories to complete the look.

Understanding Part Numbers

Our **stock** part numbers are coded alphanumerically, starting with letters which dictate the style of crosshead, while the following numbers represent the size. Additional letters after the size will indicate accessories that have been added to the basic part.

Fabricated Products

Some products in this section have fabricated options, which are indicated with a **Fabrication Code** icon. This means that the standard part can be altered for additional sizes or accessories. Fabricated products created by altering stock products ship from our facility within five (5) days.

Fabrication Code
CSHDM

Some of the fabrication options are shown to the right, but not all options are available for every style of product. The most common accessories are listed next to the standard product in the product chart. For a complete listing of fabrication options for each product, visit the Product Support section at www.fypon.com.

The Fabrication Code shown in the product chart will appear as the product number on all paperwork you receive from us, followed by an Options section which lists your specific selections. The unique combination of your selections is represented by the ID Number.

To reorder a fabricated part, you will either need to submit the information from the Options section of your order, or provide the Fabrication Code and ID Number.

Custom Products

If a truly unique crosshead design is required, Fypon can create it for you. Please fill out our Custom Quote Request form, which can be obtained by visiting the Products section of our website or by contacting Customer Service. Your request will then be quoted by our Custom Product Sales Department.

Sample Chart

The accessory matches for each part are listed in the outlined inset to the far right of each chart. Some accessories are available pre-attached as explained in the Fabricated Products section below.

Fabricated Order Example

Select the stock product you want to alter and make sure it is a size large enough to cover your desired dimensions. Then provide the information outlined in the following example to the Customer Service Representative.

- A) **Fabrication Code:** CSHDM
- B) **Stock Part #:** CCB101X8
- C) **Width (inches):** 90"
- D) **Height (inches):** 10"
- E) **Projection (inches):** 3 3/4"
- F) **Keystone:**
- a. Regular: _____
- b. Recessed: _____
- G) **Bottom Trim:** yes or no
- H) **Trim Strip:** yes or no
- I) **Dentil Trim:** yes or no
- J) **Other:** _____

Attached Accessories

Keystones, Dentil Trim, Trim Strip and Bottom Trim accessories are available pre-attached to stock products as fabricated items. See page 9 for instructions on ordering Fabricated Products. Keystones can also be ordered as unattached accessories by listing the matching Keystone part number as a separate line item on your order.

Note: A Keystone cannot be used when combining a Crosshead with a Pediment.

Shutter Accessories

Customize the look of louvered or raised panel shutters with quarter round, elliptical and transom accessories. Each style is designed to extend the height of vertical shutters with a coordinating size and style.

To order shutters and accessories, choose a shutter style and size that fits your project, then choose a coordinating accessory in the same width.

Note: All shutters and shutter accessories are sold in sets of 2 pieces.
